Aspiring Generative & Agentic AI Developer

EXPERIENCE

I am currently seeking an internship to gain professional experience and apply my AI knowledge in real-world projects. Through self-driven learning and hands-on projects, I have built a strong foundation in Machine Learning, Deep Learning, NLP, LangChain, and RAG systems. My focus has been on developing problem-solving skills, adaptability, and a teamwork mindset. I am eager to contribute to a professional software house, learn from industry experts, and grow as an aspiring Generative & Agentic AI developer.

EDUCATION

F.A (Civics)	Govt. Postgraduate College, Faisalabad	2023 – 2025
Matric	Akhuwat First School, Faisalabad	2021 – 2023
Digital Literacy	Akhuwat First School, Faisalabad	2024
Artificial Intelligence (Ongoing)	Self-paced Online Learning	

PROJECTS

- Churn Modeling – Built and tested ML models to predict customer retention.
- LangChain Pipelines – Implemented AI-powered workflows using LLMs.
- ANN Model Building – Created ANN models for prediction tasks.
- NLP Applications – Developed text classification systems and chatbots.
- Deep Learning – Built CNN and RNN models for real-world datasets.
- Machine Learning – Hands-on work with supervised and unsupervised algorithms.
- SQL Database – Managed structured data and integrated with ML workflows.
- RAG (Retrieval-Augmented Generation) – Combined knowledge bases with LLMs.

SKILLS

Programming & AI: Python (NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, PyTorch), LangChain, RAG

Databases: SQL

Other Tools: MS Office, Canva, Fiverr

Soft Skills: Problem-Solving, Teamwork, Continuous Learning & Adaptability

CERTIFICATIONS

- Building AI Browser Agents — DeepLearning.AI (Sep 2025)
- Digital Literacy Certificate — Akhuwat First School, Faisalabad (2024)
- AI Fundamentals (Ongoing) — Self-paced Online Learning

LANGUAGES

- Urdu — Native / Excellent
- Punjabi — Fluent / Excellent
- English — Intermediate
